

I dont Care For All The Interference Us Hams Are Getting Now on 40 Meters From The Short wave brodcast stations. and the truckers on 10 & 12 Meters At All& am not pleased With The way importers & Manufacturers are allowed to flood our market with there junk like stereos,phones,etc that are not rf surpressed and not to mention the new plasma tv`s but this PCL/BPL IS NO GOOD for anyone and i am AGAINST IT ALL THE WAY.its allready hard enough for me to use my radio equipment and you people want to shove this at me tom.Im sorry i want this to be my official notice to the FCC that i am against implementing BPL totally against it.Thank you for your time.Regards,N.P. Triantafilos.
